

# ICDL Spreadsheets

## Applying for this course:

To apply for this course, you should have completed compulsory schooling and ideally hold at least an 'O' Level standard of education in order to allow you to follow terminology and course notes with greater facility. In case of any difficulties regarding the entry requirements kindly contact us on [qa.jobsplus@gov.mt](mailto:qa.jobsplus@gov.mt).

## Course Duration

This course is of 12 hours duration and consists of one Module - (including 45-minute assessment)

## General pedagogical guidelines and procedures for this course:

The delivery of this course will be mainly held through a series of practical, hands-on exercises. The trainer will be holding lessons with the learners in a computer lab set-up, which will consist of various discussions and client-specific case studies.

This course can also be delivered online. In such cases, the learner is required to have a working camera and a working microphone.

## General assessment policy and procedures for this course:

The learner will be assessed through an ongoing assessment for learning by way of oral, written or practical exercises that will take place throughout each module, to assess and consolidate the learning being covered. The learners will also be given a mock test prior to the actual assessment.

The final assessment is carried out in one of the computer labs since the assessment needs to be conducted on a PC.

## Module 1 Learning Outcomes- Spreadsheets

- |  |   |
|--|---|
| <ul style="list-style-type: none"><li>✓ Work with spreadsheets and save them in different file formats, locally or in the cloud</li><li>✓ Enter data into cells and use good practice in creating lists. Select, sort and copy, move and delete data</li><li>✓ Edit rows and columns in a worksheet. Copy, move, delete, and appropriately rename worksheets</li><li>✓ Create mathematical and logical formulas using standard spreadsheet functions.
