#### Question 1:

Should a course have a duration of two academic years (18 months), can the service provider invoice the candidate per academic year?

#### **Answer 1:**

**No. The Refund is calculated on the total cost of training.**

#### Question 2:

Reference is being made regarding the Delivery Process within the Special Conditions section; Participant would be refunded up to a maximum of 75% of the training cost (capped at €3,000) per year.

Should the above is allowed, will the applicant be able to benefit from such grant for both years and therefore potentially receiving a maximum of €6,000 in total?

#### **Answer 2:**

**In this case the capping would be of €3,000 since the candidate would be applying for one course, irrespective of the number of years taken to complete it.**
