CHAPETER 1: INTRODUCTION

1.1 Scope of the Implementation and Guidance Notes

The scope of these Implementation and Guidance Notes is to aid applicants when applying for grants under Call 3.1 of the Access to Employment (A2E) Scheme. The Access to Employment is a scheme co-financed by the European Social Fund (ESF), the Maltese Government and the Employers and falls under Malta's Operational Programme 'Investing in human capital to create more opportunities and promote the wellbeing of society' for the 2014-2020 Programming Period. Through this scheme, funds are granted¹ to Employers² for the recruitment of disadvantaged, severely disadvantaged and disabled persons.

The objective of the European Social Fund (ESF) under the European Union's Cohesion Policy 2014 – 2020 is to contribute to the European Union's economic and social policy by improving employment and job opportunities, encouraging a high level of employment and more and better jobs.

All applications must abide by the Guidance Notes valid at the time of application, which may be periodically reviewed, updated and amended. ³ These can be found on Jobsplus website <https://jobsplus.gov.mt/a2e>.

1.2 Rationale of the Scheme

Call 3.1 of the A2E Scheme will provide employment aid to employers in Malta and Gozo to promote the recruitment of the more challenged amongst job seekers, unemployed and inactive. The scheme will be:

If the latest (the IB can only accept audited financial statements which have been submitted to MBR with a financial year up to three years from the date of application) are not available, the IB will request such documents from the applicant. **Failure to present the relevant documents within a stipulated timeframe, may lead to the rejection of the application¹⁶.**

In case of newly-established enterprises which have commenced operations within the previous three years and whose accounts have not yet been submitted, the data to be applied is to be derived from a bona fide estimate made in the course of the financial year. These will be obtained from estimates evidencing that they originated from the accountant of the company.

Other applicant entities, for example self-employed persons and partnerships, need to submit the latest Tax Return Form and Income Statement (Profit and Loss Account) as part of the application documentation. CHAPTER 5: MONITORING AND EVALUATION

5.1 Monitoring Structures

5.1.1 Monitoring by the Beneficiary

The Beneficiary has the responsibility of ensuring effective monitoring of the subsidised employment. The responsibility of the Employer extends beyond the achievement of results but entails also monitoring of the physical implementation. The IB may request photographic evidence of the subsidised employment for use in the Scheme's publicity.

5.1.2 Monitoring checks by Jobsplus

Jobsplus monitoring officers will conduct monitoring visits to evidence the employment of the participant in relation to Call 3.1 Application Form and that the respective employment parameters are being met by the Employer. Each monitoring visit will be documented by a monitoring report and photographic evidence (the latter may be used for publicity purposes). Recorded telephone monitoring visits may also be conducted by Jobsplus and the Managing Authority.

Unannounced monitoring visits will also be conducted at the sole discretion of Jobsplus.

The Beneficiary shall be solely responsible to ensure that to the best of its knowledge, no funds invested in this Operation by such Employers are of illicit origin, including products of money laundering or linked to the financing of terrorism.

6.2 First Level of Control & On-the-Spot Checks (Jobsplus and other Authorities)

Management verifications shall be carried out by Jobsplus, the Managing Authority, the Certifying Authority³⁷ and other Authorities to ensure that the employment is real and in line with the Grant Agreement and complies with Community and National rules (e.g. State Aid, protection of the environment, equal opportunities and publicity throughout the implementation of the operation) were adhered to.

Jobsplus may conduct three types of checks:

- a) Physical On-the-Spot Checks or Recorded Telephone checks (Monitoring)** – These will be carried out on all Beneficiaries to ensure that the employment of the new participant under Call 3.1 Scheme has been affected and is in line with the Grant Agreement;
- b) Desk-Based On-the-Spot Checks** – On a sample basis, more in-depth checks may be carried out on the Beneficiary; in terms of retention of documents and checks related to national insurance contributions (i.e. IRD Certificate). Further documents may be requested to the Employers in order for Jobsplus to conduct these checks;
- c) Desk-Based Documentary Checks** – This will be carried out on all Beneficiaries to ensure that documents are correct.

It should be noted that these checks are NOT audits but administrative and physical verifications. Jobsplus will co-ordinate such checks. Any queries that may arise from such spot checks are submitted to the Beneficiary's Project Leader and should be answered within the stipulated deadline.

Jobsplus shall inform the Beneficiary at least one working day in advance that a Desk-Based On-the-Spot Check will be carried out. Physical On-the-Spot Checks or Telephone checks may be carried out unannounced by the IB.

Jobsplus undertakes a follow-up spot check if necessary.

6.4 Second Level of Control

The 2nd level of control refers to audits (of systems and operations) that are carried out by the local and foreign audit bodies. The Internal Audit and Investigations Department (IAID) is the designated Audit Authority as per Article 127 of Council Regulation 1303/2013 and it is the main entity responsible for the proper functioning of the management and control system of the operational programme and to audit an appropriate sample of operations on the basis of the declared operation. Their audits are carried out on an ongoing basis throughout the EU Funding Programming Period; therefore, documents are to be retained for **five years** after the end date of the project (*i.e. the mandatory retention period as per Grand Agreement Section 3*). The AA will notify the Employer of the audit at least one day in advance.

Other organisations, including the National Audit Office (NAO), the European Commission and the European Court of Auditors, may undertake audits on their projects. Entities such as the State Aid Monitoring Board (SAMB) or the VAT Department may also carry out checks on the project in order to ensure that the project is being implemented in accordance with State Aid regulations and VAT regulations.

The Beneficiary must ensure that all relevant documentation is made available to the auditors and provide all necessary support to the auditors in carrying out their work.

Findings' reports and follow-ups may be distributed by the AA to Jobsplus, the Managing Authority and the Certifying Authority. The AA may organise additional follow-up audits as required.

Annex 3: Definition of Terms

- The **'employer'** in relation to Call 3.1 under the A2E Scheme refers to the beneficiary (i.e. employer) to who will be receiving the subsidy in relation to employing new employees through the scheme.
- An **'undertaking'** is considered to be any entity engaged in an economic activity, irrespective of its legal status and the way in which it is financed. This includes an 'Autonomous enterprise', as well as all partner and linked organisations related to the applicant employer such as 'Partner enterprises' and 'Linked enterprises'.
- An **'autonomous enterprise'** is any enterprise, which is not classified as a partner enterprise within the meaning of 'partner enterprise' or as a linked enterprise within the meaning of 'linked enterprises' as explained below.
- The **'headcount'** corresponds to the number of annual work units (AWU), i.e. the number of persons who worked full-time within the enterprise in question or on its behalf during the entire reference year under consideration. The work of persons who have not worked the full year, the work of those who have worked part-time, regardless of duration, and the work of seasonal workers are counted as fractions of AWU. The staff consists of:
 - a) employees;
 - b) persons working for the enterprise being subordinated to it and deemed to be employees under national law;
 - c) owner-managers;
 - d) partners engaging in a regular activity in the enterprise and benefiting from financial advantages from the enterprise.

Apprentices or students engaged in vocational training with an apprenticeship or vocational training contract are not included as staff. The duration of maternity or parental leaves is not counted.

In the case of employers which do not have an economic activity, the headcount of the applicant's employees and the headcount of any linked/partner organisation's employees will be taken into consideration.

- The **'Legal Name of Employer'**:
 - a) The legal name of the employer as registered under the law applicable to its establishment. E.g. Employers registrable under the Companies Act – Chapter 387 of the Laws of Malta, should provide the name as registered with the Registrar of Companies.
 - b) Employers, which are not vested with a legal personality acquired through the law applicable to their establishment, e.g. Associations, are to include the name as registered under the Second Schedule of the Civil Code (Chap. 16 Laws of Malta).
 - c) Self-employed/Sole Traders should include the name of the self-employed person.
- **'Linked enterprises'** are enterprises which have any of the following relationships with each other:
 - a) an enterprise has a majority of the shareholders' or members' voting rights in another enterprise;
 - b) an enterprise has the right to appoint or remove a majority of the members of the administrative, management or supervisory body of another enterprise;
 - c) an enterprise has the right to exercise a dominant influence over another enterprise pursuant to a contract entered into with that enterprise or to a provision in its memorandum or articles of association;
 - d) an enterprise, which is a shareholder in or member of another enterprise, controls alone, pursuant to an agreement with other shareholders in or members of that enterprise, a majority of shareholders' or members' voting rights in that enterprise.

There is a presumption that no dominant influence exists if the investors listed in the second subparagraph of the definition of 'partner enterprises' are not involving themselves directly or indirectly in the management of the enterprise in question, without prejudice to their rights as shareholders.

Enterprises having any of the relationships described in the first subparagraph through one or more other enterprises, or any one of the investors mentioned in the definition of 'partner enterprises', are also considered to be linked.

Enterprises which have one or other of such relationships through a natural person or group of natural persons acting jointly are also considered linked enterprises if they engage in their activity or in part of their activity in the same relevant market or in adjacent markets.

An 'adjacent market' is considered to be the market for a product or service situated directly upstream or downstream of the relevant market.

- **'net increase in the number of employees'** means a net increase in the number of employees in the establishment concerned compared with the average over a given period in time, and that any posts lost during that period must therefore be deducted and that the number of persons employed full-time, part-time and seasonal has to be considered with their annual labour unit fractions;
- **'Partner enterprises'** refers to all enterprises which are not classified as linked enterprises within the meaning of 'linked enterprises' and between which there is the following relationship: an enterprise (upstream enterprise) holds, either solely or jointly with one or more linked enterprises within the meaning of 'linked enterprises', 25 % or more of the capital or voting rights of another enterprise (downstream enterprise).

However, an enterprise may be ranked as autonomous, and thus as not having any partner enterprises, even if this 25 % threshold is reached or exceeded by the following investors, provided that those investors are not linked, within the meaning of 'linked enterprises', either individually or jointly to the enterprise in question:

- a) public investment corporations, venture capital companies, individuals or groups of individuals with a regular venture capital investment activity who invest equity capital in unquoted businesses (business angels), provided the total investment of those business angels in the same enterprise is less than EUR 1,250,000;
 - b) universities or non-profit research centres;
 - c) institutional investors, including regional development funds;
autonomous local authorities with an annual budget of less than EUR 10 million and less than 5,000 inhabitants.
- **Staff headcount and financial thresholds determining enterprise categories**
 1. The category of micro, small and medium-sized enterprises ('SMEs') is made up of enterprises which employ fewer than 250 persons and which have an annual turnover not exceeding EUR 50 million, and/or an annual balance sheet total not exceeding EUR 43 million.
 2. Within the SME category, a small enterprise is defined as an enterprise which employees fewer than 50 persons and whose annual turnover and/or annual balance sheet total does not exceed EUR 10 million.
Within the SME category, a micro-enterprise is defined as an enterprise which employs fewer than 10 persons and whose annual turnover and/or annual balance sheet total does not exceed the EUR 2 million.

 - **'subsidy'** means a sum of money that the Employer will be eligible to receive if participating in Call 3.1;
 - An **'employer'** is considered to be any entity engaged in an economic activity, irrespective of its legal form (this includes, also, self-employed persons and family businesses engaged in craft or other activities, and partnerships, associations, Non-Governmental Organisation or Social Partners regularly engaged in an economic activity), as well as Non-Governmental Organisations and Social Partners that are not engaged in an economic activity.

 - a) In the case of a limited liability company (other than an SME that has been in existence for less than three years or, for the purposes of eligibility for risk finance aid, an SME within 7 years from its first commercial sale that qualifies for risk finance investments following due diligence by the selected financial intermediary), where more than half of its subscribed share capital has disappeared as a result of accumulated losses. This is the case when deduction of accumulated losses from reserves (and all other elements generally considered as part of the own funds of the company) leads to a negative cumulative amount that exceeds half of the subscribed share capital. For the purposes of this provision, 'limited liability company' refers in particular to the types of company mentioned in Annex I of Directive 2013/34/EU and 'share capital' includes, where relevant, any share premium.
 - b) In the case of a company where at least some members have unlimited liability for the debt of the company (other than an SME that has been in existence for less than three years or, for the purposes of eligibility for risk finance aid, an SME within 7 years from its first commercial sale that qualifies for risk finance investments following due diligence by the selected financial intermediary), where more than half of its capital as shown in the company accounts has disappeared as a result of accumulated losses. For the purposes of this provision, 'a company where at least some members have unlimited liability for the debt of the company' refers in particular to the types of company mentioned in Annex II of Directive 2013/34/EU.
 - c) Where the undertaking is subject to collective insolvency proceedings or fulfils the criteria under its domestic law for being placed in collective insolvency proceedings at the request of its creditors.
